

PARDON OUR NOISE...

The work to repave Eagle Road is very noisy. ITD anticipates the nighttime noise impacts will end by early November.

We apologize for the inconvenience.

A nighttime photograph of a road construction site. Several workers in high-visibility vests and hard hats are visible. A large piece of construction machinery, likely a mill, is in the background. The scene is illuminated by bright work lights and a large yellow light fixture on the right. Orange and white striped traffic barrels are in the foreground.

Crews will be milling the old road surface and paving the roadway from Chinden Boulevard to State Highway 44. Nighttime work is necessary to alleviate traffic disruptions during the day.

The nighttime work hours are 9 p.m. to 5 a.m. on weekdays and 9 p.m. to 8 a.m. on weekends.

Eagle Road Construction Project

Pardon our noise...

The Idaho Transportation Department is repaving Eagle Road from Fairview Avenue to State Highway 44 and adding continuous raised medians from Franklin Road to south of Oakhampton Drive.

The project is expected to be completed in mid-November.
